

SIEMENS Healthineers: Problem

- 1) Employee leaves
- 2) Workload increases for remaining employees
- 3) Workload and lack of staff impact patient care
- 4) Patients report poor satisfaction; profits decline
- 5) Staff report poor satisfaction; profits further decline

Fact (Research at German Hospitals):

inefficient system usage
frustrated users
dissatisfied patients

higher costs
wasted time
decline in reputation

SIEMENS Healthineers: Solution

Knowledge Management System (KMS): "ShareNet"
Database Repository, Chat Room, Search Engine

Ginawa ito upang malutas ang problema ukol sa system inefficiency, dahil hindi maiging naibabahagi ang dunong at kaalaman ng mga manggagawa sa isa't isa.

Practical Application: Philippine Context

Finance/Accounting

- 1) Isulat ang pang-araw-araw na gastusin.
- 2) Mag-ipon ng hindi bababa sa 10% ng kinikita.
- 3) Gamitin ang naipon sa mga investment bilang dagdag na kita, bukod pa roon sa kinikita sa hanap-buhay.

Halimbawa:

- Mutual Funds
- Peso Bonds

Mechanical → Electricity
